EDUCATION

Siddaganga Institute of Technology

Master of Computer Applications

CGPA: 8.8/10

Tumkur

Sep2025

Seshadripuram College, Tumkur

Bachelor of Computer Applications

CGPA: 8.5/10

Tumkur

2020-2023

PROJECTS

GENQUERY | Gemini , LLM, Streamlit, Mysql

- Developed an NLP-driven database interaction tool for non-IT members, analysts, and business teams, enabling easy data retrieval through natural language chat with the database, powered by Gemini LLM and API integration..
- Built a user-centric platform with an error-handling interface, enhancing data accessibility and retrieval speed by 40% while eliminating the need for technical expertise in Python or MySQL.

VIRTUAL ASSISTANT | Turtle, Speech_recognition, Pywhatkit

- Developed a Python-based Virtual Assistant with voice command capabilities to automate daily tasks like web searches, time notifications, and app control.
- Integrated Speech Recognition and Pywhatkit APIs to process voice inputs and execute tasks, enhancing user interaction by 30% providing a seamless experience for task automation.

AI-POWERED RETINAL IMAGE ANALYSIS FOR GLAUCOMA | TensorFlow, Keras, OpenCV, NumPy, Streamlit

- Developed a deep learning pipeline integrating CNN-based classification, U-Net segmentation, and CDR-based severity grading for glaucoma detection.
- Achieved up to 93% accuracy across severity levels and deployed the system as an interactive Streamlit web application for real-time screening.

TECHNICAL SKILLS

- **Languages:** Python, Java, HTML, CSS, MySQL.
- **Developer Tools:** Visual Studio Code.

CERTIFICATIONS

- **Programing in Java** - NPTEL
- **HTML & CSS Complete Course** -Udemy
- **Python For Data Analysis** -Udemy

ACHIEVEMENTS

- Initiated and led the technical team “Samsthita” at Seshadripuram College.
- Secured 2nd place in Idea Presentation at Seshadripuram Business College, Bangalore.
- Participated as a volunteer in the 'Aroha' International Youth Conference 2022 at Seshadripuram Institution.

RESEARCH PUBLICATIONS

Research Publications “Optimized Deep CNN for Detection and Classification of Glaucoma In Retinal Images” Presented at the Fifth International Conference on Emerging Research in Electronics, Computer Science and Technology (ICERECT – 2025) in September, organized by P.E.S. College of Engineering, Mandya, and IEEE Bangalore Section. [Certificate](#)
